

Giving The Power Back To Parents

Find out how you can help improve the homework process in your school, so that you, as parents, can achieve complete homework visibility for you and your children.

The dinner table homework battle

For many families, the word 'homework' doesn't trigger thoughts of extended classwork, assigned to encourage independent learning, consolidating all that your child has learnt throughout the day to help them develop their knowledge and skills.

No. Instead, it conjures up frustrations around the inability to help and be involved with your child's learning through:

- Not knowing how to help your child, or your child not letting you know when your help is needed
- Arguments and disagreements triggered by lost worksheets and illegible homework planners
- Adamant children who say that no such homework exists, only to realise on a Sunday evening that there's homework due for first thing the next morning

Not only does homework take its toll on you and your relationship with your child, it has a domino effect. These frustrations and tears trickle down impacting upon siblings and partners, resulting in huffed conversations over the dinner table.

It doesn't have to be this way.

Homework should never be a battle between you and your child. Show My Homework has been designed with the busy parent in mind, finally involving you in the homework process by equipping you with all the details you need to help your child to succeed.

How it works:

All teachers create and publish their homework online, on the school's calendar. Parents and students can manage submission of homework and view grades.

Here, you and your kids can log into your own personalised accounts and see just the homework relevant to you. You can review submission times, see grades and communicate with teachers around specific assignments. We've even got forgotten passwords covered - you can check for any homework set on the public homework calendar without ever having to log in!

Gone are the days of lost worksheets, illegible and missing instructions:

- ✓ All homework details are accessible 24/7, long after the school bell rings
- ✓ Monitor from a distance: Stay in the loop without being intrusive
- ✓ Enjoy peace of mind and never have to deal with late-night homework battles again!

Show My Homework for the whole school

The benefits have only just begun. Show My Homework allows Senior Leaders within school to track and monitor your child's progress, and ensure complete transparency, making it easy to spot when a child may be struggling. Not only that, but it ensures that the quality of homework your child receives is always up to scratch.

Now that's pretty important when you consider that homework can add an additional 5 months' progress to a child's learning!

Knowing when your child has homework and encouraging them to complete it can help them to develop and improve academically, providing them with better chances in life post education.

“ Homework can add up to an additional 5 months' progress onto a child's learning.

(EEF Toolkit)

”

Getting involved as a parent:

Why not get Show My Homework onto the agenda of your next PTA meeting, and help other parents who don't feel involved with the homework process. As parents, you are a stakeholder, and you do have a say.

Many schools have introduced Show My Homework not only to combat complaints that they've received regarding homework, but as a direct response to parents' requests.

“ 100% Homework setting consistency, thanks to Show My Homework!

Dep Headteacher,
Barlow RC High School

”

Schools that have implemented Show My Homework have seen an increase in parental satisfaction from 69% to 92%. Parents now agree that they believe the homework set for their child is appropriate and helps them to learn.

And the best part? If the school comes on board, as parents, you and your children can enjoy all of the benefits for free.

“I don't know how I got through year 7 without it!”

“I think Show My Homework is a fantastic addition - I would be lost without it”

“Excellent way to check when pupils do not wish to discuss homework”

Show My Homework for Parents

Easily view and manage all of your children's homework from one parent account.

Introducing: Show My Homework

Our online homework calendar addresses 100% of these concerns, and is changing the face of homework in over 1000 schools. Start your homework revolution today.

The screenshot shows the 'Show My Homework' interface for Bett Academy. At the top, there are navigation tabs for 'Show My Homework', 'Bett Academy', 'Homework Calendar', and 'Help', along with a 'Login' button. Below the navigation, there are filters for 'All teachers', 'All subjects', 'All classes', 'All years', and 'All tasks'. The main calendar view is for the week of March 9th to 15th, 2015, with a 'Today' button and view options for 'Week', 'Month', and 'Year'.
